## Groups Choose Candidates for Homecoming Royalty

Twenty - three candidates have been named by campus organizations to compete in the 1966 Homecoming Queen election according to Dr. LeRoy L. Lazear, general chairman of homecoming activities.

### Senate Proposes New Constitution for Student Body

Equal representation for the entire student body was discussed this week at a specially called Senate meeting.

Members decided a change in the constitution is necessary to effect the equal representation. According to the constitution, students must vote on a revision within five days after the Senate draws it up. Before, Senators must consider and relate all information to the student body before they take action.

Ed Lazear, the constitution committee chairman, proposed a new method for election. This revision would dictate an election once each year between April and May. The Senate would consist of a president, vice-president, secretary, treasurer, and representatives from the following organizations; two from the women's residence halls, two from the men's residence halls, five inter-fraternity members, four from the Pan-Greek Council, one from the Board of Directors, one member of VSA and a representative from each class.

Each of the 24 Senators would serve a one-year term.

## Student Directors Write, Direct 'Salute to Armed Forces' Show

Student band directors, Larry Benton, Ed Roberts, and Millard Smith, have written and directed the marching show, "Salute to the Armed Forces," to be performed at tomorrow's NWMSC-Cape Girardeau football game.

The pre-game show will feature a color guard for each of four branches of the military service: Army, Navy, Marines, and Air Force.

Their half-time performance will feature service and patriotic songs, "America the Beautiful," "Grand Old Flag," "Stars and Stripes," "The Marines Hymn," "Field Artillery," "Semper Fidelis," "Air Force Blue," and "Anchors Away." The Bearcat band will form a star for the Army, an anchor for the Navy, a globe and anchor for the Marines, and a missile for the Air Force.

Michael Combs, a senior voice major, will be narrator.

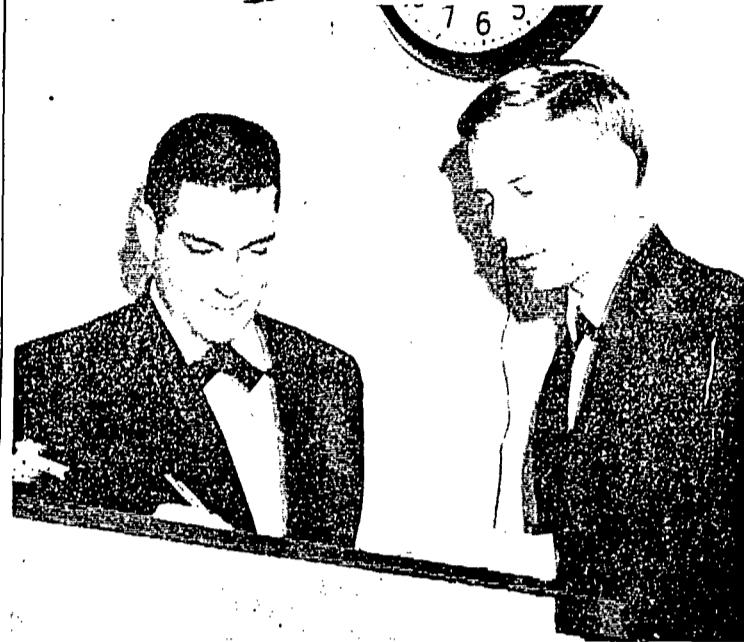

During the marching season, the student directors have assisted Ward Rounds, director, by working with individual sections while the band is rehearsing. They also help with administrative work, organization, and planning.

The three students are all senior instrumental music majors, and have been in the Bearcat band for four years. Roberts, Grant City, is a French horn major. He plans to start his student teaching at Park Hill High School next month.

Benton, a tuba major from Guthrie Center, Iowa, was in the Iowa All-State Band for two years. He will do his student teaching at Cameron next semester. Smith, a percussion major from Blythedale, will do his under-study teaching in Tarkio.

When commenting on their

work, the student directors agreed: "This year's band is the best NWMSC has had since we have been here. The musicians are willing to work hard, and they show enthusiasm and cooperation. We are proud to have had the opportunity to work with the band and the director."

### Directors Prepare

Drawing the final charts for tomorrow's half-time marching show are student directors Larry Benton and Ed Roberts. The other student who helped plan this week's show, Millard Smith, was absent when the picture was taken.

### Mathematics Teacher Conducts Experiment

Examining the abilities of educators in 18 different fields throughout the United States is a research experiment being conducted by Dr. Ron Moss, mathematics instructor at NWMSC.

Dr. Moss started the project while attending the University of Oklahoma and has been working on it for a year. He sent a questionnaire to more than 150 people, asking them to list seven of the most important abilities a person in a particular field would need.

From the answers Dr. Moss received, which he programmed on a computer, he found that biologists questioned felt that abstract qualities, such as creativity and persistence, are most important to success. Persons in 17 other departments believed that concrete qualities like mathematics and science are more desired.

Dr. Moss believes that these findings would be important to students planning to enter biological work.

### Oriental Theme

"Chinese New Year" was the theme for the Tri Sigmas' informal party, held in the Phi Sigma Epsilon chapter room.

All guests attended to celebrate the New Year.

### Campus News, Music Broadcast by KDLX

KDLX, the campus radio station, will soon be back on the air broadcasting campus news and music to the entire campus, according to Rodney Wilson, KDLX sponsor.

A new transmitter, which will improve transmissions and allow the new buildings on campus to receive the broadcasts, is being installed in the KDLX studio.

Mr. Wilson reports that KDLX will be more of an information bureau for the college this year by relaying campus activities, by providing equal air time for campaigns, and by conducting interviews with college leaders and students so that students can keep more in touch with their campus.

This program will require cooperation on the part of the organizations and students on campus to make it a success. All interested persons wanting to join the KDLX staff may attend the Radio Club meetings at 7 p. m. each Thursday in the studio on the east side of the campus power plant. KDLX especially needs students with engineering skills.

## Agriculture Club Schedules Varied Events

### Leaders Display

#### Aggie Jacket

Events seem to be a key word for "Aggies" on the Northwest State campus.

Many future activities were presented to 57 potential and active members who attended the club's first meeting. A hay ride has been slated for an early fall event.

#### Pi Beta Alpha Smoker To Be Monday Evening

Pi Beta Alpha, men's professional business fraternity, will have a "Smoker" Monday evening to recruit new members.

Any male business major or minor who is interested in joining Pi Beta Alpha is invited to come to hear Larry Gipple, representative of McGladrey, Hanson, Dunn, Accountants.

The "Smoker" will be held in the Blue Room of the Union Building at 7:30 p. m.

Agriculture Club officers exhibit one of their new jackets with an Angus emblem. They are Gary Meers, treasurer; Kenneth Nelson, recording secretary; Barry Whitehill, secretary; Bill Tadlock, vice president; Quentin Combs, recorder, and David Mackey, president.

The club, like many collegiate organizations, is social, built on the ideas of fellowship and inspiring thought, and is set up for the future benefit of the agriculture major or minor.

In this club, a team of college men can find internal competition and also have a chance for out-of-class training related to future occupations.

The first competitive session for livestock evaluation will be the Fall Invitational Livestock Judging Contest, which will take place Saturday, Nov. 12. In April, the college sponsored high school livestock evaluation contest will challenge a number of the schools from the four-state area.

On the inter-collegiate level, the Southern Regional Livestock and Soils Judging Contest will occur in the spring

This event is considered the strongest competition, with universities and colleges from Ohio, Kentucky, Tennessee, Arkansas, and Oklahoma as prime contenders. Last year NWMSC came home from the event with seven of the possible nine trophies. Along with spring contests, a relaxing spring picnic is planned as one of the rewards for a year of projects.

Climax for the club members' achievement for this year will be the "Annual Spring Awards Banquet."

Dr. Charles Koerble, director of students, has reminded students that their cars must have a new sticker whether on or off campus.

It is a violation to leave stickers on cars. Students urged to scrape off old stickers immediately. Those who do will be issued tickets.

Dean Koerble has announced that any residence hall student who has been assigned to other than Lot 8 may now change his sticker for a parking space by scraping the old sticker and bringing pieces to the traffic office, Room 11 of the Administration Building. He will be given a Lot 8 sticker at no cost.

Students parking in the Lot 8 are requested to park within the indicated spaces, Koerble said. "If students follow directions, there will be no problem of sufficient parking for all who are assigned to it."

"Students without a sticker are warned against parking there at any time," he said.

## Age-Old Quest

Are honesty and the desire to do right a true virtue of man? This is an age-old question, as can be seen in a few lines of anonymous poetry written many hundreds of years ago:

"O see not ye yon narow road,

So thick beset with thorns and briers?

That is the path of righteousness,

Tho after it but few enquires.

friend of the late Bernard Shaw. She will perform a one-woman show entitled "Seven Ages of Bernard Shaw."

Noted for her acting of Shakespeare and Shaw roles, Miss Webster is director of grand opera for the "Metropolitan" and the New York City Opera Company.

Three new fossil specimens have been added to Fort Hays State College's museums and a fourth is being prepared for showing soon. Most outstanding of the new additions is a Cretaceous fossil shark, approximately 100 million years old.

Sport's competition has sparked a great deal of interest on the campus of Southwest Missouri State College. Recently the women's tennis team competed in Columbia. The SMS women have also planned a hockey sports day. Schools that will participate include Drury, Central Missouri State, and Cottey College.

## With Dance Marathon... New School Song... Card Clubs... Pep Rally... Lively Contest

Students spoke out readily this week with suggestions for new Union activities.

To the question "What other activities would you like to see the Union Board sponsor?" came answers varying from all types of contests to bowling instructions.

Pamela Cash, "A 'battle of the combos' would be great!"

Susan Shew, "I feel that a school fight song is essential to the spirit of the athletic teams. A writing contest should be sponsored to get one."

Mary Jo Jansen, "A dance marathon would be a lot of fun."

Diane Figge, "For people who like to play cards, a pinochle club would be ideal."

Joan Hamilton, "I would like to see a sing-out competition between the organizations on campus."

Jean Scott, "Northwest Missouri State needs pep rallies and more activities to boost school spirit."

Jan Morse, "More hootenannies and a 'Grub Day' would be different."

Jeanine Gall, "Since we will soon have bowling facilities, instruction classes and leagues should be made available."

Allen Coleman, "I think we need more activities on the weekends for students that are not members of fraternities. These are needed to keep students on campus during the weekends."

John Banning, "I'd like to see the Union Board bring in different, noted personalities to lecture on topics of our times."

Bob Sloss, "Possibly more activities such as dances with name bands, and shows with big name personalities."

Speaking of absent-minded professors, what about the coed who forgot to put the lid on her popcorn popper? The Stroller was amazed to learn that a half cup of unpopped corn makes a whole room full of fluffy white kernels!

What junior coed while sitting in a humanities class started the rumor that Zeus, a Greek god, spent the weekend in K. C.? What our students learn in humanities classes will never cease to amaze ye old Stroller.

### Student From Orient Enrolls at NWMSC

From far off Sagamihara, Japan, has come Gary Johnson, '70, to enroll at Northwest Missouri State.

Johnson has lived in Japan since 1959, when his father was appointed principal of Sagamihara Elementary School. He attended Zama American high school, of Camp Zama, the Army base in Sagamihara. After graduation, his decision to enroll at NWMSC was influenced by the fact that his parents had attended school here.

In some instances, living in Japan has proved advantageous for Johnson. Because Sagamihara is 20 miles from Tokyo, he was able to see the United States compete in the Tokyo Olympics.

Johnson plans to attend college here until graduation.

### Registrar Needs Course Changes Of All Students

In an effort to update the advisement sheet file, the Registrar's Office is requesting that any student who has changed any part of his curriculum since the fall enrollment must report to the Registrar's Office.

"In the future, all changes will be made only upon written request because we do not have the staff to go through the advisement sheets every semester," stated Mrs. Ruth Nystrom, registrar.

Students are reminded that the advisement sheet is the property of the office and must be returned immediately.

### Selective Service Test Applications Due in October

Applications for participating in the Nov. 18 and 19 College Qualification Test are now available at Selective Service System local boards throughout the country.

Applications for the test must be postmarked no later than midnight tonight.

Eligible students who intend to take this test should apply immediately at the nearest Selective Service local board for an application card and a Bulletin of Information for the test.

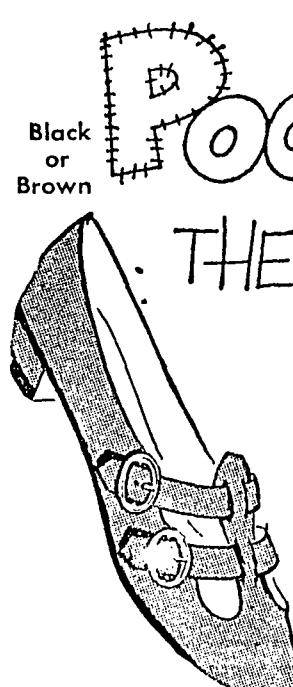

Following instructions in the Bulletin, the student should fill out his application and mail it immediately in the envelope provided to SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 988, Princeton, New Jersey 08540.

### Library Science Major Planned

There is an ever-increasing demand for more competent and well-trained librarians. The field of library science is on the up-swing, offering many opportunities for anyone interested.

Recently, James Johnson, chairman of the Department of Library Science, attended a meeting of the Missouri Library Association at Jefferson City. At this meeting the need for more librarians and how to interest people in the profession were discussed.

Because the field of library science is growing so rapidly, Northwest Missouri State College will be offering library science as a major next year, Mr. Johnson stated.

# Bulldogs' Faux Pas Is Bearcats' Step Toward Title

By Kerry Slagle

Many of the MIAA sports writers ate toenails and filet of shoe sole for dessert Sunday after the Bearcats had upset Kirksville Saturday night in the traditional Battle of the Hickory Stick.

In pre-season polls conducted by MIAA scribes, Kirksville was an almost unanimous selection to take the conference championship while Maryville, although rated as one of the most improved teams, was chosen to finish in the cellar.

Mickey Thompson's 30-yard field goal with 1:02 remaining cracked the crystal ball of most sportswriting sages throughout the state.

Offensively, Joe Spinello dazzled the many fathers on hand for the AWS sponsored Dad's Day as he scored all three 'Cat touchdowns and was picked by the coaching staff as offensive player of the week.

Spinello, a mite among behemoths, scored two six-pointers on punt returns of 72 and 86 yards. His other TD came on a three-yard pass from quarterback Mike Corbett earlier in the game.

The 5-7, 190-pounder from Kansas City, ran like a six-year-old that had just robbed a candy store and proved to spectators and Kirksville defenders that catching him is like catching a blown-Hemi dragster on a unicycle.

The Bearcat offensive unit finally ignited the fuse of full power Saturday night, and for the first time since the Peru game, the 'Cats were able to move the ball with some consistency.

On the defensive side of the ledger, the Bearcats never looked tougher. Ed Byron and Lonnie Hagan, who headed the forward wall, were chosen outstanding defensive players of the week by MSC taskmasters.

Hagan kept plenty warm in

the frigid air Saturday night as he made four tackles, assisted on seven others, intercepted two passes, and recovered one fumble.

Byron played one of the best games of his career with eight tackles and eight assists from his defensive tackle position. Bob Leach also starred on defense along with Marshall Tonnes and Roger Schlegel, who was switched to defensive end from tackle.

The forward wall held Kirksville's explosive running attack in check throughout the game. Sharron Washington, the Bulldogs' hot-dog halfback, might have been a thorn in the side of most defensive units last season, but Saturday he looked more like a fizz than a bang. Boxed in by fine defensive plays at the flanks Washington gained 72 yards on 24 carries, which is slightly under his average.

Although the Bearcats played the role of the Gillette stainless steel razor blade Saturday, they have by no means cinched the conference crown. Tough aggregations from Cape Girardeau and Springfield will face the Big Green back to back the next two weekends.

But, if Saturday night's game is any indication of the Bearcats' football potential, that victory flag raised by cheerleaders Monday afternoon might become a permanent fixture on campus.

## WRESTLERS TO REPORT

All boys who are interested in competing in varsity wrestling and have not talked to Coach Jerry Landwer yet are asked to see him sometime today. Coach Landwer's office is in the south end of Lamkin Gymnasium.

## Players of the Week

Coach Ivan Schottel is shown with his nominees for players of the week in the Hickory Stick Upset. The stars are Lonnie Hagan, defensive linebacker; Joe Spinello, halfback, and Ed Byron, tackle.

## Yesterday's Bearcats Become Teachers Of Northwest Missouri Squads of Today

Did you know that 50 per cent of the instructors in the men's physical education department were once captains of Northwest Missouri State College athletic teams?

It has been discovered that Ryland Milner, '33; Ivan Schottel, '42; Bob Gregory, '42; Dr. Paul Gates, '48; Dr. Burton Richey, '50, and Dick Buckridge, '53, all graduated from NWMSC and were squad captains. This was revealed when a few of the men did a bit of reminiscing.

Also noted was that Milner, Schottel, Gates, and Richey were first-string quarterbacks.

Milner played on the Bearcat grid teams in the '30's. Later

when he became a coach at NWMSC, Schottel, Gregory, Gates, and Richey played under his direction in football. He coached Buckridge as a freshman on the basketball court.

Gregory, a guard, and Schottel also played high school ball together at King City on the 1934-37 teams. In College, Schottel played on the '38 un-

defeated team. Gregory joined him again in '39, and the 'Cats went undefeated for the second consecutive year.

In '40 they were joined by Gates and helped to produce the MIAA championship team of '41.

Again in '42 Gates played on a conference championship team. Gates also played in '43 with Richey.

## MSC to Face Strong Aerial Attack by Cape Saturday

A top-flight passing game will present the No. 1 problem for the Bearcats Saturday night as they take on Cape Girardeau's airborne Indians at 8 p.m. at Memorial Stadium.

Cape's passing combination of Greg Brune to Chuck Koerner, leading MIAA pass receiver so far this season, is expected to be Coach Ivan Schottel's defensive secondary headache.

Although the Indians rely basically on the pass, they have good runners, too. Halfbacks John Diepenbrock and Walt Smallwood have been standouts in Cape's previous games.

Last Saturday when Cape whipped Central Missouri State College 34-14, Diepenbrock and Smallwood scored on plays of 38 and 84 yards, respectively.

Cape had scored in every period. Mike Smith, another

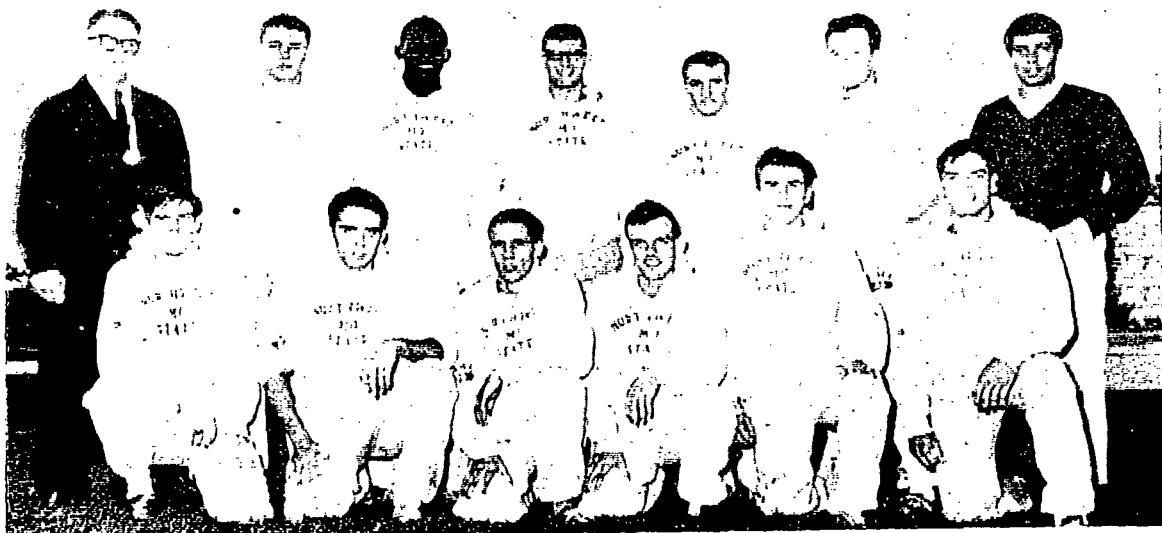

halfback, scampered 67 yards for one score and Glen Gibbons snared a 6-yard pass from Brune for the other. Central did not score until the final period.

The Indians have much more power this year than their 2-7 record indicates. They have outscored their opponents 107-79, but have lost two games by one and three points.

After losing their opener to Northeast Louisiana State, they ran over Evansville College, Ill., 21-0. Then Austin Peay, team which had slaughtered Cape 50-0 the previous year squeaked by the Indians, 28-27. The following week, the University of Tennessee, Martin Branch, slipped by the Indians, 17-14.

Maryville needs a win to retain the 18-17-2 edge they hold over SEMSC over past years. Last year, the 'Cats won, 12-7.

## Cross Country Team Faces Strong Foes

Members of NWMSC's cross country team are, front row: Louis Garrett, Kent Kavanaugh, Roger Stucki, Dave Rowland, Tom Sterrett, Rich Swaney; back row: Coach Ryland Milner, Rick Kemp, Ron Howitt, Denny Reed, Lynnard Phipps, Dave Hays, and Pete Meindertsma. Not present were Dennis Burton, Wayne Bonowitz, and Pete Hager.

## Harriers Prepare For Country Run

Cross country mentor Ryland Milner's speedsters have a difficult job ahead of them this season as they face a rugged schedule.

The young Bearcats, with only three lettermen and no seniors, proclaim numerous woes. Most schools have practiced two or three months,

while the locals started this month.

Despite the odds, Milner believes that his team has showed good spirit. The Bearcats opened their season with a 42-19 win over Creston, Iowa, Junior College, but dropped their second meet to highly ranked Peru State, 15-50.

Milner has picked Roger Stucki, Kent Kavanaugh, and Lewis Garrett as his top runners.

Other helpfules are Tom Sterrett, Danny Reed, David Hays, Lynnard Phipps, Richard Swaney, William Rowland, James Kemp, Steve Bonowitz, Dennis Burton, and Normal Howlett.
